What if I tried to write a memoir?

Like.

It doesn't need to be totally true, and maybe some stuff gets pretty floaty, and maybe some stuff winds up as poetry, and maybe some of it is ergodic with scans of notes or bits of other projects scattered throughout, and maybe I just own the hypertextuality of the medium, but it's generally autobiographical.

That might be neat

Who are you kidding?

Myself, I guess.

Well, have at it, then.

---

I'm not ready to share this yet.

But you want to save it?

I want to save it.

But you save it like this. You save it on the internet. You obscure the link, but it's there. It's in the commit. It's in the logs. It's in the wires.

That's not the same as sharing.

It's exactly the same as sharing.

And who asked you?

Who invoked me?

Well played.
